

## Advanced Efficiency Report

What to expect in this report:

Team Breakdown: Analyze team performance across various situations including how possessions start, shot location, and efficiency across shot clock segments.

Player Breakdowns: Analyze individual player performance and efficiency as well as the direct impact a player has on team performance while on the floor.

This report can be generated based on a predefined split or any custom selection of games for any team. To learn more about this report visit [justplaysolutions.com/aereport](https://justplaysolutions.com/aereport)
